

WORLDVACCINE CONGRESS | WASHINGTON

25TH ANNUAL

April 21-24 , 2025

Walter E. Washington Convention
Center, Washington DC

**R&D + Strategic Partnering for
the global vaccine industry**

CREATED BY

[Visit Congress Website](#)

SPARK SOMETHING
TERRAPINN 

Our Story

The World Vaccine Congress Washington event is the largest and most established vaccine conference and exhibition of its kind across the globe, dedicated to learning and partnering for the industry.

Following a record attendance in 2024 of 3500+ attendees, the World Vaccine Congress Washington will be back in April 2025 bringing together the most senior and informed industry experts across the entire vaccine landscape.

We will continue to cover vaccine progress in:

- Infectious Diseases
- Cancer Immunotherapy
- One Health and Veterinary Vaccines
- Clinical Development
- Manufacture
- Safety
- Supply
- Market Access
- Emerging Infectious and Chronic Diseases

From basic research to commercial manufacture, this one meeting covers the whole vaccine value chain where science, government and manufacturers all come together to create ground- breaking progress.

If you are involved in vaccines or new to it because of the pandemic, this is the most important meeting you will be part of in 2025.

PARTNERING MEETINGS

Join us in April for the most up to date and keynote driven content around the pandemic so far!

KEYNOTE THEMES INCLUDE

- Pandemic preparedness and biodefence
- Anti-microbial resistance
- Global health, neglected diseases and equitable access
- Breakthrough immunology and AI applications
- Adult immunization and disease eradication
- Broadly protective vaccines across families and disease areas
- The impact of climate change to emerging diseases and one health

CONFERENCE KEY TOPICS

WORLDVACCINE
CONGRESS COVID & BEYOND

Covid & Beyond

The most up to date and keynote driven content around the pandemic so far.

WORLDVACCINE
CONGRESS CANCER & IMMUNOTHERAPY

Cancer & Immunotherapy

Global market leaders will come together to share the latest in early-stage scientific advancements, present clinical trial data, discuss new formulations of cancer vaccines and assess the future of combination treatments.

WORLDVACCINE
CONGRESS INFLUENZA & RESPIRATORY

Influenza & Respiratory

This track will give the latest updates in RSV, influenza, pneumococcal, pan- and combinational vaccines across maternal young and elderying populations.

WORLDVACCINE
CONGRESS EMERGING & RE-EMERGING

Emerging & Re-Emerging Diseases

The WHO blueprint has helped focus what the priority pathogens are, but where are the gaps in our knowledge in order to prepare for disease X? Look at the lessons learned in pandemic preparedness from Ebola, Mpox, Malaria, Dengue, Nipah, Chikungunya to name a few.

WORLDVACCINE
CONGRESS CLINICAL TRIALS

Clinical Trials

This focused clinical development track will allow you to showcase your expertise or learn from those involved in running new trial designs, challenge models and correlates of protection. Come to these sessions to understand how move your vaccine candidates through development phases to licensure.

WORLDVACCINE
CONGRESS BIOPROCESSING & MANUFACTURING

Bioprocessing & Manufacturing

Join this track to meet with the manufacture and bioprocessing leads who need services for all of the latest manufacturing challenges, from formulation to incorporating adjuvants, improving mRNA platforms, VLPs and viral vectors, to technology transfer and decentralised manufacturing.

WORLDVETERINARY
VACCINE CONGRESS

Veterinary

An increased focus on one health and cross boundary zoonotic infectious diseases has made these sessions extremely topical. Join these sessions to see how the human and veterinary experts are joining forces to battle emerging threatening diseases from avian influenza , pandemic preparedness to the consequences of climate change.

WORLDVACCINE
CONGRESS PARTNERSHIPS

Partnerships

Expand your network and partner internationally at these partnering session. From public private partnerships, government funding to venture capitalists. this track provides a space for those directly involved in cementing the details of partnerships with big pharma, biotechs, academia and non-profit organisations to share their case studies and gain insight into best practice. Join in the afternoon to hear the most promising vaccine startups and showcase pitches.

WORLDVACCINE
CONGRESS VACCINE SAFETY

Vaccine Safety

This focussed vaccine safety track will allow you to listen and learn from key thought leaders in this space, as well as to showcase any solutions that are greatly needed in order to revolutionise and replace outdated ways of working. Furthermore, escalating incidences of vaccine-refusal makes the importance of effective communication paramount, so join us to present your most successful strategies.

WORLDVACCINE
CONGRESS SUPPLY & LOGISTICS

Supply & Logistics

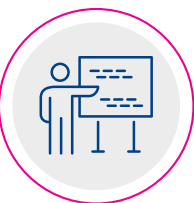

During the "decade of vaccines" the introduction of new vaccines, the vaccination of groups beyond infancy and tackling the equity gap in providing vaccines to all has meant that outdated immunization supply chains have been overstretched and have outgrown their ability to cope - come to these sessions to learn how we are dealing with the supply demands and the technologies that will allow last mile delivery.

WORLDVACCINE
CONGRESS MARKET ACCESS

Market Access

The market access track will take a deep dive into understanding the dynamics governing global vaccine markets and what interventions can be made to ensure a more resilient public health infrastructure.

Event Features

WORLD LEADING PRESENTATIONS

Unpublished data and case studies from the most sought after KOLs across the whole vaccines landscape.

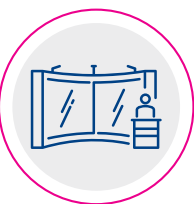

PANEL DEBATES

We have curated panels of 4-5 industry experts to debate some of your burning questions. You'll be able to watch them live and pose questions directly to the panellists.

NETWORKING

Over 3 days you will be able to meet and network with many of the leading solution and service providers helping the vaccine community.

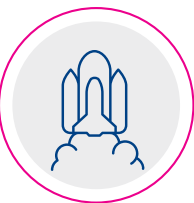

EXHIBITION

With four days' worth of content, extended breaks and receptions, you will have even more time to meet cross sector contacts with thousands of attendees.

PARTNERING

With a dedicated partnering portal app you can search every attendee from 4 weeks out, to set up meetings at specific times across the event at private tables.

START UP ZONE

The start-up zone will provide a unique environment to meet VCs looking for early stage opportunities as well as companies across pharma, biotech, healthcare, academia, chemicals, food, animal health and the community that serves them.

Gold Sponsors

Silver Sponsors

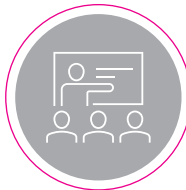

Why Sponsor & Exhibit?

World Vaccine Congress Washington presents a unique range of marketing, lead generation and business development opportunities. Our event is structured to allow a range of specific opportunities from thought leadership keynotes, through to tailored meetings and introductions, to exhibition and display space. And so much more...

SPEAKING OPPORTUNITIES

If your company is interested in delivering a thought leadership, education or case study presentation at the event in the conference agenda, we have limited slots as per the following sponsorship packages. Stand alongside and in front of key industry decision makers to make sure your company is front of mind to those who matter.

EXCLUSIVE KEYNOTE TITLE

Exclusive to one company only, you'll have the opportunity to present in the Keynote plenary alongside a handful of the very top industry thought leaders, to the entire event audience. No other company at the event will have the same chance to position itself in the same way in your area of expertise, so offering unparalleled visibility to demonstrate your offering as the leader in your field.

DIAMOND

One of only a few companies to have the opportunity to get in front of the whole event audience as part of a Plenary Panel sessions, as a moderator or chair of the session.

PLATINUM

Presenting to a more targeted audience in your specific area of expertise, this is an exclusive opportunity to be the dedicated Track Sponsor on a particular topic area for the day, and one of the first speakers of the relevant conference track you choose. This includes branding in the room itself and on the general track signage.

GOLD

If you are looking for a platform to demonstrate and educate the leading vaccine decision makers of the full range of your services and capabilities, we have a few limited presentation opportunities within each targeted conference track to present in.

SILVER

Either chair one of the conference track sessions relevant for your business or join one of the limited relevant panel discussions.

BRONZE

Opportunity to host/moderate an interactive working group discussion on a topic of your choice.

WORKSHOP SYMPOSIUM

Host a workshop or lunch symposium for up to 3 hours, providing an opportunity for your team to engage with a more targeted audience on topics of your choice.

Packages

Premium sponsorship packages are for innovative companies serious about making their mark. Sponsorship packages are tailored to meet your specific marketing goals. The grid below is a guide to what you can expect at each level.

BENEFITS	Title	Diamond	Platinum	Gold	Silver	Bronze	Exhibitor	Biotech Showcase
Keynote Plenary Panel Slot	1	1						
Track Sponsor of Specific Topic	1		1					
Speaking Slot in relevant track	2	1	1	1				1
Host a Working Group Discussion	1	1	1			1		
Speak on a Panel OR Chair Half Day Track	1	1	1		1			
Pre-arranged on site meetings	*	*	*	*	*			
Exhibition Booth (Square feet)	600	400	200	200	100	100	200, 100 or 50	
Sponsor Networking Drinks Reception								
Event Lanyards								
Event Bags								
Delegate Passes	25	15	10	8	6	4	4	2

Other Branding Options

REGISTRATION DESK SPONSOR

Exclusive opportunity to have your logo on the Registration/ Information Desk that all the thousands of attendees will use over the event and see.

EXHIBITION FLOORPLAN SPONSOR

Exclusive opportunity to have your logo on the Exhibition Floorplan that attendees will use over the event, and to have your exhibition booth highlighted on this floorplan so its front of mind for anyone looking at the map.

SPEAKER LOUNGE SPONSOR

Exclusive opportunity to have your logo on the boarding surrounding the Speaker Lounge area on the exhibition floor, that the event speakers will be using over the event.

CHILL & CHARGE AREA SPONSOR

Exclusive opportunity to have your logo on one of the charging stations that attendees use over the event.

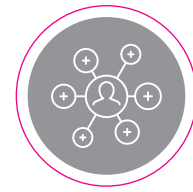

EXHIBITION HOSPITALITY NETWORKING RECEPTION HOST

After the conference ends, there will be the opportunity for a number of Exhibitors to purchase Drink / Happy Hour packages from the caterers to offer for attendees to join them for networking opportunities. We will advertise all exhibition booth drinks reception hosts on our networking platform to all attendees with individual messages on your behalf, to help drive traffic to your booth for the reception and make people aware of what you are offering.

EXHIBITION HOSPITALITY F&B

During each day of the conference/exhibition, there will be the opportunity for all Exhibitors to purchase drink and food packages from the caterers to offer for attendees to join them for networking opportunities at their booth. It's a great opportunity to help drive traffic to your booth with the offer of free food or drinks and we are encouraging as many exhibitors as possible to do this. For those who do purchase anything we will advertise your company on our networking platform to all attendees with individual messages on your behalf explaining what you are offering and help people know they should head to your booth.

NETWORKING RECEPTION

Opportunity to be the exclusive Networking Drinks / Dinner Reception host sponsor for one of the evenings. Complimentary drinks will be offered for all the attendees of the conferences to enjoy on your behalf, with an option for a full Dinner package. Opportunity for a 5-minute opening welcome address to the reception. Banners, theming and branding will be visible throughout the reception with your logo.

EVENT LANYARDS OR BAGS

The exclusive Delegate Lanyard or Bag Sponsorship enables your company to have a superior level of branding at the event, where the client can provide their own branded lanyards (or bags), which will be worn by all attendees throughout the whole event. The sponsorship opportunity is limited to one sponsor only.

VACCINATION

STRATEGY & INNOVATION IN VACCINES

PARTNERING & NETWORKING

The Vaccine Congress partnering system is the most efficient way to do business in the biotech and pharma industry without traveling all over the world. Our system makes it easy to search for and identify potential partners and request face to face meetings with prospective clients at the event.

FOR SPONSORS

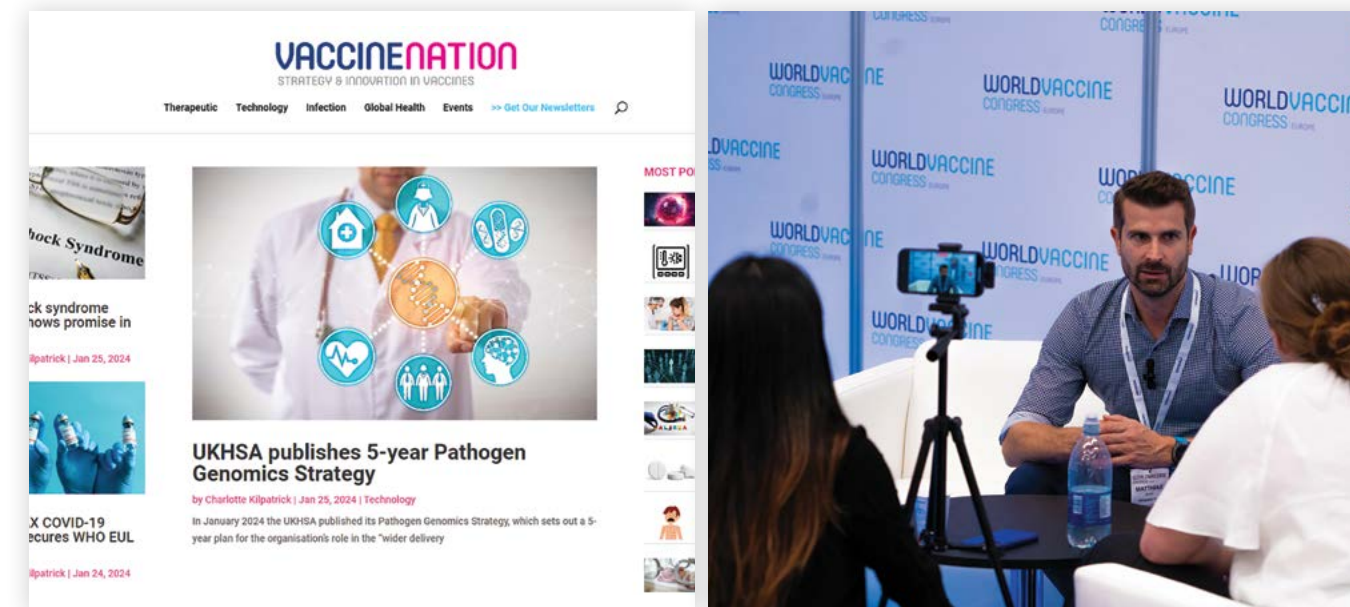

For the higher-level sponsors in addition to the benefits received above with access to the partnering system for all your attendees, you can also have your own private Networking Manager. This person will be your main point of contact from about 6 weeks before the event to work with you and your business development team to go through the attendee list and select your targets you want to set up face to face meetings with. The manager then reaches out directly to all your chosen attendees to try and set up the F2F during the event at your own private sit-down table in the exhibition area.

FOR ATTENDEES

With access for all conference delegates to the on-line partnering system from a month before the event, it is the best way to ensure you maximise your time at the event by setting up targeted F2F meetings for all the networking breaks in advance. You will be able to view every attendee, speaker, sponsor, exhibitor and visitors to send them a personal message and invite to meet at a specific time/day, at which point if they accept then the system will allocate you a private numbered meeting table for the F2F for 20 minutes. There is also a feed home page on the system where you can upload images, stories and messages for the entire audience to read.

FOR EXHIBITORS

All Exhibitors have access to the partnering system a month out from the event as well to review the full attendee list in the on-line portal, search and select target companies / executives, and from this request a face-to-face meeting on-site at your exhibition booth or a private meeting table as you prefer. It also allows you to share information of any specific products and services on the feed home page, so offering a chance to get exposure to all attendees pre-event and encouraging them to contact you directly to set up meetings as well.

Calling for Start Ups

We are calling out to the world's most exciting start-ups to exhibit their businesses at World Vaccine Congress Washington 2024.

It will provide a unique environment to meet VCs looking for early stage opportunities as well as companies across pharma, biotech, healthcare, academia, chemicals, food, animal health and computer science and the community that serves them.

BENEFITS

Each successful application includes:

BOOTH

- **A 1m wide unit**
- **Exhibitor name panel**
- **Full size print graphic or logo on name panel** (small additional cost)

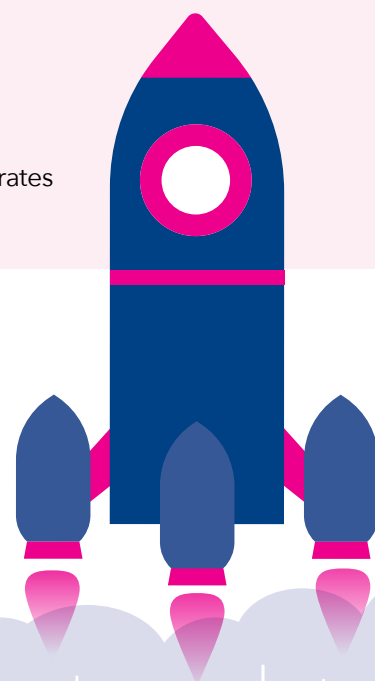

Other benefits:

- 2X full access pass
- Networking Application to pre arrange 1-1 meetings at the congress on private bookable tables
- Networking Receptions
- Listing logo on event Web Pages

Additional Options:

- Upgrade to have a 5 minute pitch at the Start Up Stage
- Upgrade to have full access to the partnering system
- Upgrade to have a 10x5' or 10x10' exhibition space at reduced rates

ViE AWARDS

VACCINE INDUSTRY EXCELLENCE

SHOWCASING EXCELLENCE IN THE GLOBAL VACCINE INDUSTRY

The 18th Annual ViE Awards 2025 will once again be a part of the World Vaccine Congress Washington event, to celebrate the industry's most outstanding achievements. With 13 categories, these awards have been created to honour and generate recognition of the efforts, accomplishments, and positive contributions of companies and individuals in the vaccine industry.

If you're interested in sponsoring the event, please contact marc.rhys-events@terrapinn.com

AWARDS CATEGORIES FOR 2025

-  Best Clinical Trial Company Award
-  Best Clinical Trial Network Award
-  Best Central/ Specialty Laboratory Award
-  Best Contract Research Organization Award
-  Best Contract Manufacturing Organization Award
-  Best Production/ Process Development Award
-  Best New Vaccine Technology/ Platform Award
-  Best Academic/ Research Team Award
-  Best Pharma Award
-  Best Logistics Technology & Cold Chain Delivery Award
-  Best Prophylactic Vaccine Award
-  Best Therapeutic Vaccine Award
-  Best New COVID Vaccine Award
